

# Yarm and District Pool League

15 June 2024

To All

At a meeting of the Captains of the Yarm and District Pool League held this week it was agreed that moving forward the League will adopt Black Ball rules from the start of the 24/25 season.

For existing Captains and Players this will mean significant change and a need to understand the new format.

Sadly, it may also mean we may lose one or two of the Teams currently registered.

For those of you reading this who may be interested in joining or are aware of others who may be keen please share this news asap as any proposed registrations will need to be in by the end of August. Regards.

John
